### Take Warning!

**THE V. & T. R. R. COMPANY ARE**

**cautions to take due precaution against accidents and loss of life resulting from running of their trains; and they take this method of warning Parents and Guardians against the dangers attending the too common practice of Children playing about their Cars and locomotives. Those having in charge the business of the Company find it impossible to ignore laws which frequent the terminal and stopping places of the road from climbing upon the cars and engines, and they will feel themselves obliged to resort to more decided measures. These unmeasurables are continual. Recent accidents, which are wholly attributable to the carelessness of persons running on and off the cars when in motion, should be warning enough in themselves.**

General Superintendent.

### DIAMOND SPECTACLES

These spectacles are manufactured from "Minette Crystal Pebbles" melted together and called DIAMOND.

Having been tested with the polariscope, the diamond lenses have been found to admit from 10 per cent. less light than the best glass lenses.

They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brilliantness and distinctness of vision not before attained in spectacles.

Manufactured by the Spencer Optical Manufacturing Co., New York.

For sale by responsible agents in every city in the Union.

THE IMPERIAL

**FIRE**

Insurance Co. of London

Sound Business Considerations

why the Imperial should be preferred

TO ANOTHER FOREIGN COMPANY:

First—it was established in 1803, and is the oldest FIRE Insurance Company represented in the United States.

Second—it has a subscribed capital of \$100,000, out of which \$50,000 is PAID UP in Gold with further accumulated assets of \$2,216,000, making it at once the Strongest and Richest Fire Insurance Company in the World.

Third—THE COMPANIES FIRE BUSINESS

Exclusively, and none of its assets is liable to be diverted for the sake of making losses, as is the case with all other English Companies not represented on this coast.

Fourth—This Company's losses at CHICAGO were less than ONE HUNDRED THOUSAND DOLLARS and have been paid in full DOLLAR DOLLAR.
